

**BASKET ROTISSERIE**  
**Master Clean | auto-clean**  
**MC5.560/MC8.560/MC8.760**

*(electric)*

The Master Clean self-cleaning basket rotisserie is your perfect partner when it comes to delicious results and unmatched convenience. From setup to cleanup, it's designed to save time, reduce labor, and keep your operation running smoothly while boosting your bottom line.

## DESIGN & PERFORMANCE

The Master-Clean offers a perfect blend of durability and performance. It comes in two configurations: **Standard (front door only)** and **Pass-Through (front and rear door)**, providing flexibility for your space. The unit's energy-efficient K.Glass doors help reduce operating costs while enhancing thermal efficiency. For easy maintenance, the **self-cleaning system** ensures spot-free, limescale-free results. The intuitive Touch Control Panel simplifies recipe management and guarantees reliable cooking outcomes.

An **optional ventless hood** with powerful dual filtration system (removable and washable stainless-steel grease filter and activated carbon filter). This makes the Master-Clean adaptable for indoor use. The **integrated cooking drip pan** captures flavorful juices, while allowing you to cook vegetables and side dishes alongside rotisserie items, improving both efficiency and ingredient utilization. The **integrated pull-out table** provides a convenient and space-saving solution for food preparation.

## CLEANING

The self-cleaning program, combining 3 cycles (STEAM for grease release – WASH for cleaning and sanitizing – RINSE for anti-limescale and spot free results), will quickly make this unit your best ally. Built-in cabinet for technical compartment and storage of cleaning products and removable grease tub.

## TECHNICAL CHARACTERISTICS

- Energy-efficient heating elements
- Fully insulated with rock wool (Bio-soluble aluminum encapsulation)
- K.Glass thermal efficient double-glazing doors mounted on silicone seal (anti-scald front panel)
- Bakelite ¼ turn heat resistant locking door handle
- Halogen lighting
- Automatic cooling of heating turbines after switch off (safety of technical components)
- Automatic hold cycle up to 2 hours after cooking is completed
- Integrated drip pan (multi functioning for cooking vegetables & more)
- Built in recipe library or design your own
- Easy drainage of drip pan directly into the removable tub
- Consumption of 26 gallons per wash
- Delivered with cooking baskets (BALD560/760)

## ENERGY & COST-EFFICIENT K-GLASS

Featuring insulated, double-glazed K-GLASS doors, the Master-Clean is engineered for optimal energy efficiency. The inner pane has a specialized thin metal coating that regulates heat transfer, offering exceptional resistance to thermal radiation. This design enhances energy efficiency, lowering operational costs and contributing to significant savings. The glass also minimizes heat emission in the kitchen, improving comfort for your team, and enhances safety by preventing burns upon contact with the door surfaces.

### TOUCH CONTROL PANEL

- 5-inch touchscreen control panel
- Time and temperature programming
- Cleaning and maintenance menus
- 99 programmable recipes
- Detergent and descaler management

**MC8.760  
Standard**
