

BASKET ROTISSERIE • ELECTRIC

Master Clean / auto-clean

MC5.560

MC8.560

MC8.760

The Master Clean self-cleaning basket rotisserie is your perfect partner when it comes to delicious results and unmatched convenience. From setup to cleanup, it's designed to save time, reduce labor, and keep your operation running smoothly while boosting your bottom line.

DESIGN & PERFORMANCE

The Master Clean offers a perfect blend of durability and performance. It comes in two configurations: **Standard (front door only)** and **Pass-Through (front and rear door)**, providing flexibility for your space. The unit's **thermal efficient K-Glass doors** help reduce operating costs while enhancing thermal efficiency. For easy maintenance, the **self-cleaning system** ensures spot-free, limescale-free results. The intuitive **Touch Control Panel** simplifies recipe management and guarantees reliable cooking outcomes.

An **optional ventless hood** **COMING SOON** with a powerful dual filtration system (removable and washable stainless-steel grease filter and activated carbon filter) will make the Master Clean adaptable for indoor use. The **integrated cooking drip pan** captures flavorful juices while allowing you to cook vegetables and side dishes alongside rotisserie items, improving both efficiency and ingredient utilization. The **integrated pull-out table** provides a convenient, space-saving solution for food preparation.

SELF-CLEANING 3-cycle program

- 1 STEAM**
for grease release
- 2 WASH**
for cleaning & sanitizing
- 3 RINSE**
anti-limescale, spot-free

Built-in cabinet for the technical compartment, cleaning products and removable grease tub. Approx. 26 gallons per wash.

MASTER CLEAN

Roast, hold and self-clean – all in one unit

TECHNICAL DETAILS

Integrated cooking drip pan

Captures juices; cook vegetables & sides at the same time

Cooking baskets

Delivered with BALD560/760 baskets for poultry

Automatic hold

Hold cycle up to 2 hours after cooking is completed

More than chicken

Roast vegetables and side dishes with the drip pan

TOUCH CONTROL PANEL

- 5-inch touchscreen control panel
- Time and temperature programming
- Cleaning and maintenance menus
- 99 programmable recipes**
- Detergent and descaler management

ENERGY & COST-EFFICIENT K-GLASS DOORS

Insulated, double-glazed K-Glass doors have an inner pane with a thin metal coating that regulates heat transfer and resists thermal radiation – lowering operating costs, keeping the kitchen cooler for your team, and preventing burns on contact with the door.

TECHNICAL CHARACTERISTICS

- Energy-efficient heating elements
- Fully insulated with rock wool (bio-soluble, aluminum encapsulation)
- K-Glass double-glazed doors on silicone seal (anti-scald front panel)
- Bakelite ¼-turn heat-resistant locking door handle
- Halogen lighting
- Automatic cooling of heating turbines after switch-off
- Integrated multi-functional cooking drip pan for side dishes
- Built-in recipe library or design your own
- Easy drainage of drip pan directly into the removable tub
- Consumption of 26 gallons per wash
